

The diagram shows a rectangular layout for a 2x6 board. It consists of two concentric rectangles. The outer rectangle is defined by a red line, and the inner rectangle is defined by a blue line. The space between the red and blue lines represents the bleed area. Two arrows point from the text 'RED LINE IS THE CUT LINE' to the top and bottom red lines. A long double-headed arrow spans the width of the blue rectangle, with the text 'BLUE LINE IS THE SAFETY LINE' centered above it.
